Subject Silver Creek Geophysical Survey Schedule

I spoke to all of our folks and with Al today and we are moving forward to conduct the geophysical survey of Lower Silver Creek the week of **DECEMBER 3rd**. We will conducting Ground Penetrating Radar (GPR) surveys approximately every 500 feet from I-80 on the north to Highway 248 at the south end of the site. We are planning to begin just north of Promontory Road, as I believe we have a fairly good idea of what to expect there.

Thanks & Happy Thanksgiving, Daryl
